### EDUCATION

**University of Ottawa, Ottawa, bachelor's in biomedical sciences**

August 2018 – May 2021

**Juno Web Development Bootcamp**

October 2021 – December 2021

### CODING PROJECTS

Work In Progress!

### WORK EXPERIENCE

**Assistant Teacher of Tai chi at Golden Age Village for the Elderly,**

May 2020 – August 2021, Mississauga

Taught many different people Tai Chi while catering to their specific needs and creating a positive and inclusive atmosphere.

**Vision mate - CNIB, Mississauga,**

May 2020 – October 2020

Worked and connected with members of the visually impaired community which granted me a deeper understanding of their different needs and permitted me to interact accordingly.

**Organizer of a convention CAIR, Toronto,**

June 2020 – June 2020

Worked to organize and help run a radiology convention within multiple team environments to bring an efficient experience to the participants and solve many high-pressure complications that happened to arise during the convention.

**Leader of an E-sports team, Ottawa and Mississauga,**

April 2019 – June 2021

Collaborated with likeminded individuals as the captain of my university League of Legends team to create a healthy team dynamic and win multiple tournaments. Played on multiple amateur teams with many individuals across the country and in the US to develop a brand and a big community.
